Pg 2

Win-ter — come the sun or rain — secre-taries,
 mercen-aries — laughing high school kids — sleepy third-shift
 workers — all-night party tricks —

Down on Clark Street
 in the last seat
 when you ride that twenty-two
 from the North side to the South side
 Till there's only the driver
 me and you (sung before 1st and last chorus)

Chorus: Every body on very body on
 cause we know you're tired of waitin'
 you don't need no reservation
 Everybody on Everybody on
 we're gonna get this group together
 we're gonna loop the loop forever
 we're gonna ride and ride and ride
Everybody on.

Everybody on! Everybody on!
 Mr. Lakeshore Banker
 help that wine-head on!
 hear that sweet bag-lady
 sing her El-train song.

(well) I am the conductor
 and I run this train
 come the Fall or Winter
 come the sun or rain.
 Secretaries, mercenaries
 laughing high school kids
 sleepy third shift workers
 all night party tricks.

Losers and boozers
 con-man with a scheme
 Spanish-speaking lady
 riding out her dream.

She went to the church
 had a talk with God
 let me hit the numbers
 get my man a job.

Babushka Palushka
 ramming through the doors
 going to the Hancock
 sweep and mop the floors.
