

# ONE AND ONLY

By BOB GIBSON

Bright

1. One — and On-ly, — hear me  
beg-gin' to you please — One — and On-ly, —  
see me gal I'm on my bend-ed knees — You know I love you but I  
don't know how to show I do I love you so it scares me  
just to think of ev-er — los - in' you. —

Chords: Ab7, Db7, Fm, Eb, D.C. 3 times

2. One and only, wish I knew the words that I could say  
One and only, love me gal a little more each and every day  
I played at love before and broken hearts a time or two  
But now that I'm the loser scared to death of ever losin' you.

3. I'm sad and lonely, since you left me all alone and blue  
Sad and lonely, life means nothing now if I can't spend each day with you  
Sometimes I wish that I could laugh and say that it's been fun  
But I'd still find you on my mind, you are the only one

4. One and only, wish I knew the way to make it clear  
One and only, you're everything in life to me that I hold near and dear  
Never go away from me and leave me all alone and blue  
But this means so much more to me than anything I ever knew.
