

WHAT'LL WE DO

BY BOB GIBSON / SHIRLEY SEALY / BLANCHÉ HARDIN AND GAIL PITTS

Brightly

What 'll We Do _____ when the snow's all gone, _____ What-'ll we
 Do _____ when the grass turns green, _____ What-'ll We
 Do _____ when the tows shut down _____ And our
 fa-vor-ite run is a mud-dy ra-vine?

Slowly

We could paint a pic-ture or write a song — That's all wrong!
 We could be do-mes-tic and learn to cook — Oh, now look!
 We could take up golf or ride a horse, — Why of course! —

ADDITIONAL LYRICS

What'll we do when the robins come --
 What'll we do when the summer's here --
 What'll we do when we cannot ski --
 And sun's all over the hemisphere!

We might have to go back to school --
 Don't be a fool!
 I could find a girl to be my bride --
 That's suicide!

We might have to go back to work --
 We'd go berserk!

What'll we do when it doesn't storm --
 What'll we do when the winds don't blow
 What'll we do when we wake one morn --
 Find plenty of heat and no more snow?
